and Ending

Control Board.

## GENERAL REVIEW

The MONTANA LIQUOR CONTROL BOARD came into being with the passage of the Liquor Control Act by the 1933 Legislature.

The general powers and objectives of the Board may be summarized by a quotation from the introduction to the Act as follows: "To limit, regulate and license the manufacture and sale of any and all liquors that may be manufactured, sold or dispensed in the State of Montana."

The Act of 1933 provided only for the operation of State-controlled liquor stores. The 1937 Legislature passed the Montana Retail Liquor Act which "authorized, empowered and directed the Control Board to issue retail liquor licenses to persons qualified under the Act to sell liquor at retail."

The 1937 Retail Liquor Act legalized the operation of bars and taverns, authorizing such establishments to sell by the drink liquor purchased by them at State Liquor Stores at the retail posted price. Under this provision the bars or taverns pay the same price for stock as any individual purchasing one pint.

### ADMINISTRATION

Operations of the Board are coordinated through control by the central office of all units of the organization. The Administrator, as Ex-Officio Secretary of the Board, is charged with full responsibility for carrying out the wishes of the Board.

### AUDITS AND ACCOUNTS

The Chief Accountant is responsible for the accounting and bookkeeping methods of the entire organization. The State Examiner's office performs all auditing of the entire organization. Field men employed by the Examiner make regular monthly audits of all stores and a yearly audit is made of the Helena office and warehouse.

## PURCHASING

Purchase orders are mailed direct to the distillery or winery. Routing of all orders is made by the traffic manager and every effort is made to equalize incoming freight between the various railroads.

## WAREHOUSING

Stocks of whiskies and wines are stored in the central warehouse at Helena, Montana. Completed in 1936, this modern, fire-proof structure was designed to provide all latest improvements in the storing and handling of liquors.

Shipments to the retail stores are made via rail and truck from the central warehouse.

## STORES

The Liquor Act of 1933 provided for the operation of a state liquor store in the county seat of each of the 56 Montana counties. It was found necessary to open many other stores in logical locations in order to properly take care of requirements of the public. At present there are 145 state-owned liquor stores.

## LICENSING

Liquor as well as beer licenses are issued only upon proper application accompanied by the correct fee and after each application has been properly investigated by the Enforcement Division.

Transfers of licenses may be made upon approval by the Board.

## ENFORCEMENT

A chief inspector and eight deputies handle all matters of law enforcement in cooperation with local authorities.
